## SuperVision mc

WE PROVIDE GENUINE SECURITY

- ▶ SEMI AUTOMATIC OPERATION
- ▶ FUTURE ORIENTED DETECTION TECHNOLOGY
- ▶ MULTI CURRENCY DETECTION, EUR, USD + TWO ADDITIONAL
- ▶ VALUE COUNTING

# SuperVision mc

## Features

- Semi automatic objective verifier, with motorized banknote transport.
- Space saving parking of accepted banknotes in pocket turned 180 degrees.
- Suspect banknotes automatically generate transport stop and the note can be easily removed.
- Count numbers of accepted banknotes and total value.
- Detects all Euro banknotes and Dollars from series 1988 and forward.
- Customized software upgrade for 2 additional currencies.
- Joystick for easy operation.
- User friendly display menus for easy operation.
- RoHS compliant and CE marked.

## Specifications

<b>Detection:</b>	Multiple wavelength absorption and reflection technology, combined with new laser, magnetic and thread sensors.
<b>Dimension:</b>	(L) 30,3 x (H) 11,5 x (D) 18,7 cm
<b>Weight:</b>	1,5 kg.
<b>Detection speed:</b>	2 notes per second
<b>Stacker capacity:</b>	100 notes, orderly parked
<b>Transport system:</b>	Friction type
<b>Feeder system:</b>	Manual type
<b>Power:</b>	100-240 V / 50-60 Hz

## Description

Using various advanced detection technologies, SuperVision mc verify prescribed parameters on the banknote.

Specialized sensors perform a spectral analysis of the banknote print and the presence and location of magnetic reaction.

Paper and print analysis by using UV light determination of special characteristics of banknotes.

Capacitive sensor detecting presence of safety thread, and laser technology provides reliable detection of various features.

## Warranty

12 months against all defects in material and labour.

### USD mode

For detection of US Dollar banknotes from series 1988 and forward.

### EUR mode

For detection of all Euro notes (all series).

### Additional modes

For detection of one or two additional currencies.

Joystick secure easy operation and the easy-to-read display shows variety information simultaneously and provides convenient graphic user interface.

Well designed stacker pocket secure orderly stacked banknotes.
